

Prolifics' Security & Compliance Health Assessment

Secure Your Valuable Information with...

Prolifics recipient of IBM's AAA-Level Rating for Tivoli Deployment and two-time winner of the Overall Technical Excellence Award, specializes in delivering SOA solutions, content and collaborative portals, business intelligence dashboards, data cleansing strategies and security models. We look forward to assisting with your project and can help with governance and application management strategies to ensure a smooth rollout and the ongoing maintenance of your IT assets.

With the security and controls of your valuable information, policies and applications at stake, let Prolifics' Security experts provide an IT Security & Compliance Health Assessment designed to review the effectiveness of your identity and access management infrastructure. After the analysis, which addresses such areas as Provisioning, Web Access Management, Identity Federation, Single-Sign On and Compliance, a report will be delivered to you detailing the findings and providing high-level recommendations.

Security and Compliance Health Assessment

Prolifics' certified Security Architects will provide a free IT Security and Compliance Health Assessment which typically covers the following areas:

- ◆ Implementation review
- ◆ Check for security gaps / issues
- ◆ Analyze existing architecture
- ◆ Considerations around identity, access and compliance issues

Deliverables: Summary report outlining findings and high level recommendations. A Prolifics Security Architect will step through this report with you.

Length of Engagement: 1 day of analysis (Completed report will be delivered soon after).

Pre-Requisites: Access to your architect(s) familiar with your Identity Management, Web Access and Authentication Infrastructure Implementations.

Fees: \$0 (plus travel expenses, if any).

How to get started: The first step is a 15-30 minute discovery call to understand your current situation, identify the areas you would like Prolifics will focus on during the engagement and determine if you qualify for a free Security & Compliance Health Assessment.
